Play collection
25x60 cm
matt

Kolekcijo Play zaznamujejo nevtralni topli toni, bogata tekstura in vzorec, ki spominja na tkanine, ki nas grejejo. Oblikuje prostore, v katerih se počutimo varno in domače, kjer se sprostimo in si povrnemo energijo. Dekoracija z valovitimi linijami pripoveduje zgodbo o volneni kopreni, ki s prepletom niti omehča gladke ravne stene.

Neutral warm tones, rich texture and pattern, that resembles fabrics that keeps us warm, are the basic features of Play collection. It forms spaces in which we feel safe and welcomed, where we can relax and renew our energy. Decoration with wavy lines tells a story of a woolen veil, that softens flat walls with intertwining threads.
